

## **Azure Dynamics to Present at the Rodman & Renshaw Annual Global Investment Conference on September 11**

**Oak Park, Michigan – September 1, 2009** – Azure Dynamics Corporation (TSX: AZD), a leading developer of state-of-the-art green technologies that address environmental and cost issues for the commercial transportation industry, today announced that it will present at the upcoming Rodman & Renshaw Annual Global Investment Conference, to be held September 9-11, 2009, at the New York Palace Hotel in New York City. The conference, featuring keynote speaker Dr. Alan Greenspan, is focused on Clean Technology and is well attended by institutional investors, venture capitalists, private equity firms and industry experts.

Scott Harrison, CEO of Azure Dynamics, is scheduled to present Friday, September 11, 2009 at 2:25 p.m. ET in the Kennedy II Salon (4th Floor) and will discuss the Company's business strategy and recent developments.

More information on the Rodman & Renshaw Annual Global Investment Conference can be found at: <http://www.rodmanandrenshaw.com/conferences?id=38>

### **About Azure Dynamics**

###

### **Forward-looking Statements**

*This press release contains forward-looking statements. More particularly, this press release contains statements concerning Azure's business development strategy, projected commercial revenues and product deliveries.*

*The forward-looking statements are based on certain key expectations and assumptions made by Azure, including expectations and assumptions concerning achievement of current timetables for development programs, target market acceptance of Azure's products, current and new product performance, availability and cost of labour and expertise, and evolving markets for power for transportation vehicles. Although Azure believes that the expectations and assumptions on which the forward-looking statements are based are*

*reasonable, undue reliance should not be placed on the forward-looking statements because Azure can give no assurance that they will prove to be correct. Since forward-looking statements address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors and risks. These include, but are not limited to, the risks associated with Azure's early stage of development, lack of product revenues and history of losses, requirements for additional financing, uncertainty as to commercial viability, uncertainty as to product development and commercialization milestones being met, uncertainty as to the market for Azure's products and unproven acceptance of Azure's technology, competition for capital, product market and personnel, uncertainty as to target markets, dependence upon third parties, changes in environmental laws or policies, uncertainty as to patent and proprietary rights, availability of management and key personnel, and acquisition integration risk. These risks are set out in more detail in Azure's annual information form which can be accessed at [www.sedar.com](http://www.sedar.com).*

*The forward-looking statements contained in this press release are made as of the date hereof and Azure undertakes no obligation to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws.*
